

PAGE BASED DESIGN AND BLOCKCHAIN ARE NO MATCH!

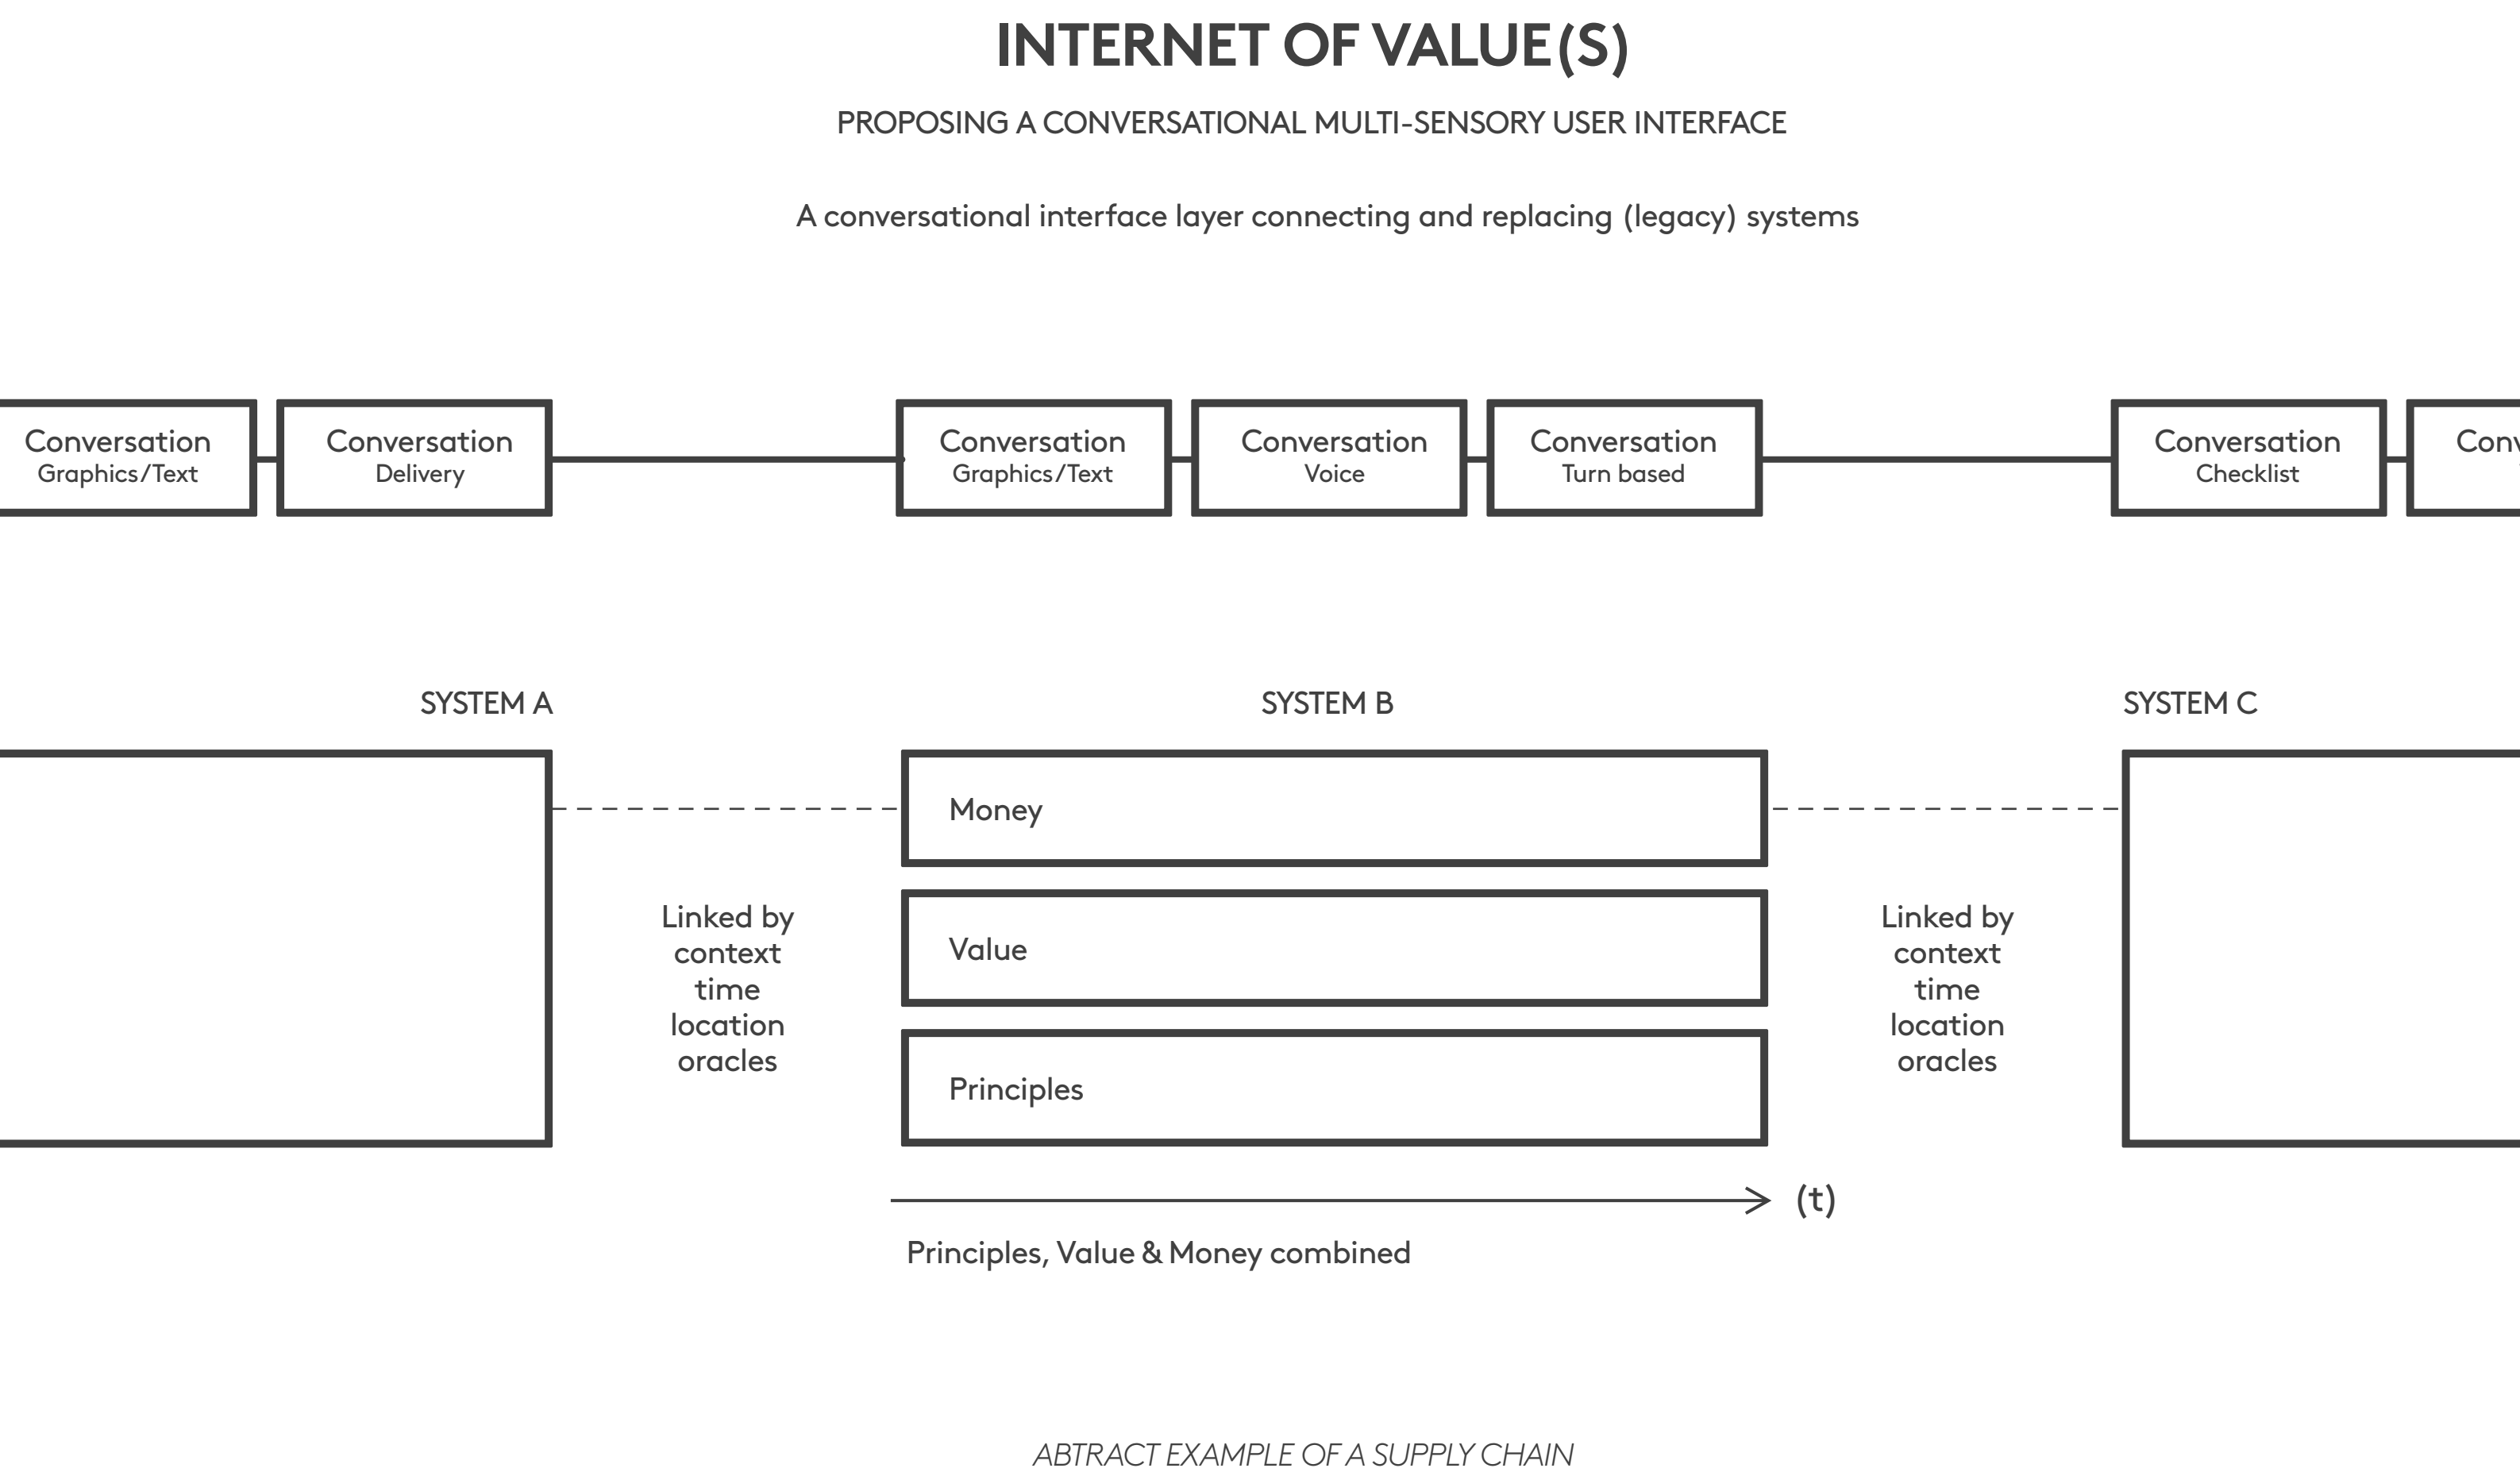

The reason why we need to upgrade our design systems and make them compatible with blockchain in one schematic.

If we ignore to rethink our page based design paradigm, horseless carriage syndrome will stifle our potential to innovate society with blockchain.

DESIGN RESEARCH NEEDED

If we want to innovate and rethink society with blockchain we also need to rethink our interface & digital design systems !

STELLAR UX

Stellar UX - The convergent design system for a better world.

Humanizing software design ♥ A convergent design system for postive impact ♥ Empowering people through technology
